- 1987-1991 University of Pennsylvania School of Veterinary Medicine, Veterinariae Medicinae Doctoris
- 1983-1987 University of Michigan, Ann Arbor, MI, Bachelor of Science, Honors in Biology.

VETERINARY PRACTICE

- June, 2016- present Founder and director: **Insight Veterinary Concepts** and **Insight Veterinary Mobile CT**: bringing insight on sight by providing mobile CT imaging at local veterinary hospitals.
- June 2014- present Member of The American College of Veterinary Internal Medicine General Exam Committee
- June 2012 Founder and President, Veterinary Consulting Services, PC. Consulting for veterinarians regarding difficult cases and blood test results as well as providers of continuing education for veterinarians, veterinary technicians and veterinary staff. This organization is an approved New York State Sponsor of continuing education for veterinarians and veterinary technicians.
- December 2011-present CurePet, Inc./Sapphire: Subject matter expert for a new and unique veterinary practice management software connecting pet owners, referring veterinarians at small practices, specialists at large animal hospitals, academic institutes, software developers and suppliers of medical and general pet supplies. Tight integration across the various modules (practice management, EMR, referral portal and client portal) easily usable interface, extendable architecture provides exceptional flexibility for integration with existing infrastructure investments including PACS, RIS, diagnostic equipment and more, so information becomes unified for easy administration and access.
- December 2011-2013 Hyperbaric Veterinary Medicine: subject matter expert and advisory board member for a new company promoting hyperbaric oxygen therapy to veterinary patients.
- June 2011- present VetAura: subject matter expert for a veterinary diagnostic laboratory. Helping with startup, marketing, test resulting formats, consultant formats, consulting, etc.

- June, 2010- present Owner and founder of Peace Love Pets Veterinary Care, PLLC in Commack, New York. A small animal veterinary care general practice, also specializing in one on one advanced and compassionate internal medicine, diagnostic ultrasound, endoscopy, minimally-invasive surgeries and much more.
- 2010- present Volunteer veterinarian at Association of Friends for the Animals – Sosua, Dominican Republic. Multiple trips to this establishment to do high volume spays, neuters, vaccinations and care for animals in Sosua, DR.
- January, 2010- Sept. 2011 Internal medicine consultant for Antech Diagnostics, a national veterinary diagnostic laboratory providing telephone consultation service for veterinarians with questions regarding interpretation of laboratory work and case management.
- January 2009- present Founder and President of Helping Promote Animal Welfare, Inc (Helping PAW). A 501(c)(3) tax exempt public charity whose mission is to end pet overpopulation through education of the public on the importance of sterilization, basic pet care, humane treatment of animals and its benefits to animals and society and by providing high volume, high quality, targeted, affordable sterilization services of unowned and companion animals. Currently the organization is offering high quality, low cost general health care services and is subsidizing care for animals whose owners are on government assistance.
- 2008 - present Member of Board for Veterinary Medicine: The Board of Regents, on the recommendation of the Commissioner of Education, appoints a State Board for each licensed profession to advise and assist the Board of Regents and the State Education Department on matters of professional regulation. The Board of Regents also appoints a Committee for Professional Assistance to advise them on matters relating to practice by professional licensees with alcohol or other drug abuse problems.
- January 2008– Sept.2008 Chief Medical Officer of PetWatch, Inc. A short lived company that hoped to create a network of veterinary specialty and general practice veterinary hospitals. Their mission was to provide the best and most progressive health care options for pets together with fulfilling the emotional and intellectual needs of the entire family; to enable progressive veterinary medicine through focused support of academic institutions and to be the preferred care providers in the field of veterinary medicine.
- November 2002- 2008 Founder, Director: Specialized Veterinary Care, PLLC, a multi-specialty veterinary referral and emergency/critical care hospital with the world's first Compassionate Care Center. It has every veterinary specialty under one roof and is the only Center in the north eastern United States offering small animal hyperbaric medicine. In its prime, The Center for Specialized Veterinary Care had 130 employees including 27 doctors (board certified specialists, interns and emergency veterinarians). The Center received great recognition for its contributions to the community and to the veterinary profession. It was featured on the Today Show as well as Fox 5, The Nightly News and more. See <http://www.youtube.com/user/peacelovepetsvet?feature=mhum>
- August 2000- Feb. 2003 Owner and Chief of Staff of Veterinary Internal Medicine Specialists, Selden, NY. 24 hour care internal medicine specialty practice.
- September 1997- Aug 2000 Founding member and Chief of Internal Medicine at Long Island Veterinary Specialists, PLLC, and Animal Emergency and Critical Care Center (AECCC), Plainview, NY, a multi-specialty veterinary referral and emergency/critical care veterinary hospital.
- July 1996-present President of Mobile Veterinary Ultrasound & Endoscopy, P.C., Syosset, NY, a mobile veterinary internal medicine consultation and diagnostic service for veterinarians. Four internal medicine specialists travel to veterinary offices in and around Long island and New York City providing consultations, ultrasound and endoscopy services.
- May 2009- present Established www.thevetreporter.com as a means to promote veterinary education and responsible veterinary news and information reporting. This is where you can see Diane in action, take a look. veterinary referral and emergency/critical care veterinary hospital.
- May 2009- 2012 “Learning a la Carte” established as a new entity of Mobile Veterinary Ultrasound & Endoscopy, PC. Dr. Levitan will offer technical skills training and business management courses for veterinarians, office and technical staff at veterinary clinics.
- October 2008- present Consultant for Vista Research as a member of their Society of Industry Leaders. Provide confidential and unbiased business consultation for institutional money managers.
- January 2009-September 2009 A Veterinarian for Rescue, Ink.
- January 2009 -present Petliferadio.com: Cost-host with Bernadine Cruz of this web based radio program **The Pet Doctor**. An excellent and informative, highly subscribed to, radio program with podcasts. <http://www.petliferadio.com/petdoc.html>

RESEARCH

Multiple projects since 1985. Details upon request.

PROFESSIONAL ORGANIZATIONS

Editorial advisory board: for the journal: *American Veterinarian*

International Hyperbaric Medical Association: Member

Founding member: New York State Animal Protection Federation. The New York State Animal Protection Federation is the voice of New York's animal shelters, humane societies and animal welfare organizations. Formed in 2010, the NYSAPF was established to safeguard the wellbeing of all animals through legislative and policy initiatives in New York. With a united voice, the NYSAPF will work to create a humane community where animals benefit from progressive, lifesaving programs develop the collaboration of our member organizations.

The Shelter Connection: Member of Advisory Board: TSC is a volunteer organization at the Town of North Hempstead Animal Shelter in Port Washington, NY. Volunteers are professionally trained as adoption advisors and dog handlers, and fundraising efforts support many shelter improvement programs. The goal is to improve the quality of the life for the homeless dogs at the shelter by increasing adoptions through training and socialization and through educational outreach teaching the public that shelter dogs are not "damaged goods."

Undersea Hyperbaric Medical Society: The Undersea and Hyperbaric Medical Society (UHMS) is an international, non-profit organization serving over 2,400 members from more than 50 countries. The UHMS is the primary source of scientific information for diving and hyperbaric medicine physiology worldwide.

American College of Hyperbaric Medicine: member: The American College of Hyperbaric Medicine was formed by a group of physicians practicing the developing specialty of hyperbaric medicine who noticed the need for a national professional organization dedicated to serving as a medical specialty society. The ACHM has worked to develop an image of hyperbaric oxygen therapy as a distinct medical specialty, often requiring full time practice.

American Society of Veterinary Journalists: In an effort to improve the quality of veterinary medical information delivered in the public media, the American Society of Veterinary Journalists (ASVJ) was formed to provide certification of veterinary contributors to public media. Further ASVJ lends extraordinary credibility and confidence to both producers and editors of traditional and on-line media.

Society of Industry Leaders (“SIL”): Member. The Society of Industry Leaders (SIL) is a carefully selected global network of industry professionals and thought leaders. SIL Members are connected to the clients of Vista Research

Inc. via telephone and in-person consultations, and are compensated for their time.

Nassau County Medical Reserve Corp.: Member of Command Staff- Veterinary and other professions coordinator.

Society for Veterinary Medical Ethics: Historian and past secretary of this international veterinary society.

For Animals In The Hospital, Inc. (FAITH): Founder and past director of this non-for-profit organization with the mission to help defray costs of emergency veterinary care to homeless pets and pets whose owners cannot afford care, as well as to promote community service.

Pet Peeves, Inc.: Veterinarian and advisor for this non-for-profit organization that educates the public about animals and supports abandoned and stray animals on Long Island.

American College of Veterinary Internal Medicine: Past program committee member and Chairman of the Liver Study Group for its annual meeting, 2002 & 2003; member of Residency Training Committee, 1999-2000.

American College of Veterinary Internal Medicine Foundation: Member of the Board of Directors; previously Co-chairman and Charter member of Development Committee. The ACVIM Foundation's central mission is to support and advance studies in veterinary internal medicine that lead directly to new techniques in diagnosis, treatment, and prevention of disease

Veterinary Emergency & Critical Care Society: The Objective of the Veterinary Emergency & Critical Care Society is to raise the level of patient care for seriously ill or injured animals through quality education and communication programs.

Long Island Veterinary Medical Society: Past director of the Education Committee, responsible for organizing continuing education lectures for Westchester, Rockland, New York City and Long Island; Chairperson of the Town of Hempstead Rabies Clinic in support of the Town of Hempstead and the Animal Health Foundation of Long Island, 1999-2002; member, Public Relations Committee.

New York State Veterinary Medical Society: Co-Chairman of the Government Relations Committee, 2002-2007; member, Public Relations Committee, 2000-2002.

Comparative Gastroenterology Society

American Veterinary Medical

Association

Tilles Center for the Performing Arts: Past Member, Council of Overseers.

Madonna Heights Governing Body

Nassau County Museum of Art: Fundraising and event committees.

North Shore Child & Family Guidance Center: Bereavement & Trauma Advisory Council

- 1986 Golden Key National Honor Society.
- 1985 Cystic Fibrosis Foundation research grant: Cystic Fibrosis Research, NIADDK, The National Institutes of Health, Bethesda, MD.

My life and my practice revolve around compassionate, ethical veterinary practice and the importance of the human animal bond. A major goal in my life is to improve veterinarian and client education, and to encourage understanding and appreciation of the pet as a member of the family. I would like to make client emotional support, education about pet diseases and ethical treatment of clients and patients a priority for all practicing veterinarians
